

The Ultimate Brownie  
from Badboy Rob

8 (1 oz.) squares of unsweetened chocolate  
1 cup butter  
5 eggs  
3 cups sugar  
1 Tablespoon vanilla  
1-1/2 cups flour  
2-1/2 cups chopped pecans, toasted

Preheat oven to 375 degrees F.

Melt chocolate and butter in a saucepan over low heat; set aside. In a mixer, beat eggs, sugar and vanilla at high speed for 10 minutes. Blend in chocolate and flour until just mixed. Stir in the nuts. Pour into a greased 9 X 13 inch pan.

Bake for 35-40 minutes. (Don't overbake.) Cool and frost if desired, but that is not necessary.
